Paro can hear when people say his name, and he can respond to them with little noises. He can also learn and understand words that he hears often. Most of all, he can make people smile.

What do American people eat?

AMERICAN FOOD has a bad reputation. Everybody knows what French food is, and Italian food, and Chinese food. But what is American food?

It is true that there is a lot of junk food in the US. But it's also possible to eat well in America! American cooks know a lot about how to cook, and they borrow ideas from all over the world.

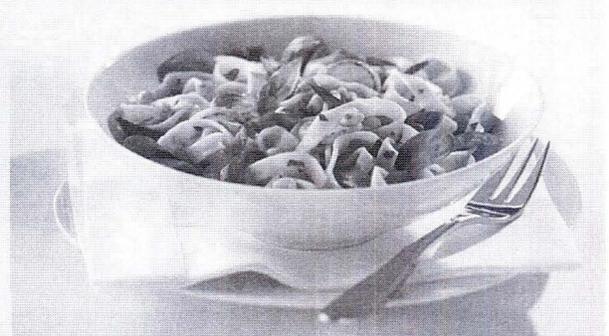

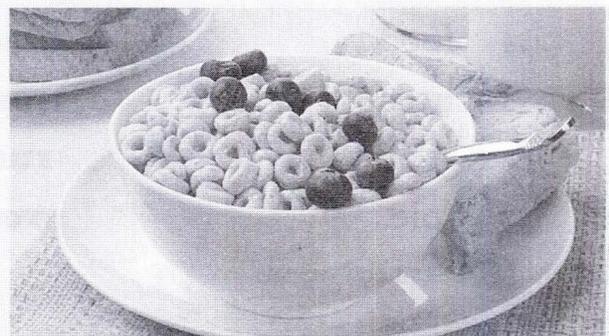

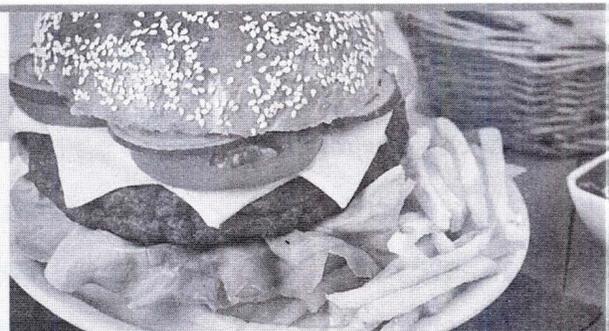

Breakfast For breakfast, most people have just cereal and maybe toast with peanut butter. Some people eat eggs – scrambled eggs or omelets – or bagels and cream cheese.

Lunch For many people, lunch is a quick meal at about 12:00 p.m. Lunch is a sandwich, a salad, or soup. Sometimes, it's food left over from dinner the night before.

Dinner The evening meal is the main meal for most Americans. People in the US eat early compared to many other places in the world – around 6 or 7 p.m. People have meat like chicken, or pasta, with vegetables or salad.

Eating out Most towns in the US have a Chinese restaurant and a Mexican restaurant. In most cities, there are restaurants from all over the world – Greek, Italian, Moroccan, Mexican, Russian, Ethiopian ... everywhere. Traditional fast food is hamburgers and French fries, and of course there are places to buy pizza and sandwiches.

It is possible to eat really bad food in the US. But it is also possible to eat very well!
