Reading

11 Read the text about an unusual teenager.

*Rob isn't a typical teenager. He's 16 years old, and loves going out with his friends in his home town – when he's there! But Rob's not often at home because he's a brilliant chess player. He plays chess in competitions all over the world. And Rob still does lots of studying, too. He has his own teacher who travels with him, so he has lessons in the morning and then in the afternoon he practises chess. Sometimes he has a break from chess because he wants to play a computer game instead or talk to his friends on his phone. This week he's in France, so he can speak French with the other people there. And next week it's Canada so that's OK because he can speak English there. Sometimes Rob would like to be on holiday with his family at home, but he has an interesting life and he knows he's very lucky!*

Are the sentences True (T) or False (F)? If there isn't enough information in the text, write Doesn't Say (DS).

- 0 Rob likes seeing his friends where he lives. T
- 1 Rob travels a lot. —
- 2 Rob doesn't go to school. —
- 3 Rob's parents would like to travel with him sometimes. —
- 4 Rob plays chess all day. —
- 5 Rob has lots of holidays at home with his family. —
