About this book

English for Everyone Junior: English Dictionary is an A-Z vocabulary book for children that introduces more than 1,000 English words through colourful illustrations. You can access audio recordings for all the words, phrases, and songs featured in this book on the accompanying website and app.

The letter bar helps you remember the order of the alphabet and find your place in the book.

Read the words on the page, listen to the audio, and repeat each new word out loud.

Vocabulary sets taught inside boxes are grouped by subject, rather than alphabetically.

To play the audio files, search for the page number on the website or app, and then find the word, phrase, or song.

Audio

Pronunciation is an important aspect of learning a new language. Access the free audio material for this book on the **English for Everyone Junior** website and app. Visit www.dkefe.com/junior/uk or download the DK English for Everyone Junior app from the App Store or Google Play.

Speech bubbles feature useful phrases and additional vocabulary.

Catchy songs reinforce the meaning of new words. Listen and sing along to develop your pronunciation.

Fun facts about the pictures help you build new vocabulary.

The alphabet

The English alphabet has 26 letters. Use capital letters for the first letter of a sentence, the names of people or places, the days of the week, and the months of the year.

Use lower-case letters the rest of the time. Trace the letters with your finger, starting at the white dot. Listen to the audio and repeat each letter, then listen to the song and sing along.
