New ideas at school

Anya

Every week, after lunch on Friday, we have a lesson in a museum or art gallery. We learn a different subject each time. Sometimes it's history or art, of course, but it's often something else. We sometimes have English lessons in the art gallery, for example, and we might write a story about a painting. There's a science museum near our school so we often have science lessons there. They're usually much more interesting than normal lessons!

Dexter

Every morning at nine o'clock, we have to run for 15 minutes. The first time we did it, I didn't like it! I like doing exercise but I never run in my free time. I prefer going to the gym or the swimming pool. But now I like running every morning at school! We don't run fast and it's fun. The teachers run with us and sometimes we listen to music. I always feel better after I run.

Finley

Everyone likes having lunch at our school! Why? Because the students make the menu! Every day, a different group of students decides what we eat. The same students also help to make the food. Of course, the food has to be healthy! It's good because we learn about healthy food, and we can eat food that we like. Sometimes students have bad ideas and the food isn't nice, but usually it's great! Today is Fish Friday ... Mmm!
