

A2 Key Part 2

- 1 Read the article in exercise 3 quickly. Find five school subjects.
- 2 Look at the photos. Match the photos (1–3) to the sentences (a–f).

- c He's/She's got fair hair.
- d He's/She's got curly hair.
- e He's/She's got straight hair.
- f He's/She's got dark hair.

Exam tip

For this part of the exam you should first read the question carefully to know what information to look for in the texts. Then read the three texts quickly to find the information you need. When you find information about a question, read the text again carefully to make sure it answers that question. Check that the other two texts do not have information about the same question. When more than one text has information about a question, decide which one matches it best.

- 3 For each question, choose the correct answer.

My favourite teacher

Ashton

Our history teacher is called Mrs. King and she's great. She's from Australia. She's quite old, but she hasn't got grey hair. Sometimes she's got red hair, sometimes she's got blonde hair, and sometimes she's got blue hair! She's very funny, and history is really interesting when she teaches us. Her husband, Mr. King, is also a teacher at our school. He teaches drama, but he doesn't teach my class.

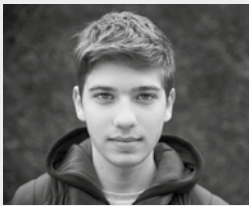

Lexie

My favourite teacher is Miss Daniels. She's a science teacher. She's young and she's got dark curly hair, like me. She looks like my big sister! She's very clever and kind. Sometimes science is very difficult, but she helps us understand. I like science now, and I'm good at it. I think that's because Miss Daniels is my teacher. I got 95% in my last science test!

Max

Our music teacher is very cool. He's called Mr. Vieira and he's Brazilian. He's quite young, but he's got grey hair and he wears red glasses. He can play the guitar really well. I don't really like music lessons, but they're much better with him. He's not only a music teacher. He also teaches computer science. He's my sister's computer science teacher, and he's her favourite teacher too!

☒ Exam tip

For this part of the exam you should read the text quickly to get an idea of its topic and general meaning. Then carefully read the whole sentence with a gap and look at the words before and after the gap. They can help you to decide which of the three options is the correct word to complete it.

- 3 For each question, choose the correct answer.

A school with a farm

Brymore Academy in England is not like most schools. The most important (1) that's different is that Brymore has got a farm. It's got a lot of (2) like cows, sheep and pigs. The students (3) how to look after them, and they also grow fruit and vegetables. People can (4) food from the school's farm in their shop. Of course, students have the same lessons as other schools too. They study a lot of different (5) like geography, drama and maths. Students spend a few weeks every year working on the farm. They have to get up early and start working at 6.30 every (6) Then they work again after classes, at 4 pm. It's not easy!
