The most common and useful words in English are marked according to the Macmillan Dictionary 'star rating'. This is so you can easily recognise the vocabulary you need to know especially well.

★★★ = very common words ★★ = common words ★ = fairly common words

If there is no star next to the word, this means that it is not very common.

In the Macmillan Dictionary, (r) is used to indicate where the sound /r/ is pronounced in American English and some other regional varieties of English. In a standard British accent, (r) is only pronounced if it occurs at the end of a word which is followed by another word starting with a vowel sound, for example *far away* /fɑːr ə'weɪ/.
