

Description	Students discuss travel
Lesson link	Use this activity after exercise 4
Time	10 minutes
Extra material	Print out and photocopy the <i>Travel</i> worksheet – one for each group

Instructions

Place SS in small groups of three or four and give each group a copy of the *Travel* worksheet. Ask SS to read the quotations together and then discuss if they agree or disagree with the opinion. This is a fluency exercise to give SS an opportunity to talk about their own opinions of travel.

Travel

When I go on holiday, all I want to do is lie on the beach all day. That's the best part of being on holiday!

I never go on boats. I hate them. I always get seasick.

Sightseeing is boring. Who wants to take a picture of Big Ben? We all know what it looks like.

When I am in a foreign country, I always go shopping. It's so exciting going into new shops!

I love arriving at the airport! It's the start of an adventure: going somewhere new, waiting for your flight. Great!

I never feel comfortable when I stay in hotels. I hate them.

When I'm in a foreign country I always hire a car. I never travel on public transport.

Before I travel, I always get travel insurance. You have to be prepared for anything!

I don't like going to restaurants in a foreign country because you don't know what the food will be like.

When I arrive in a foreign country for the first time, I always get a taxi to my hotel.

When I travel, I always learn some words in the local language.
