

A webpage

*Type of camp**Where?**Who for?**When?**How long?**Activities**New skills**Other interesting information***How to make a webpage**

Remember to think about the following ideas.

- Choose an interesting name for your webpage. Remember you want lots of people to visit it.
- Make sure your webpage is attractive, use photos and descriptions.
- Make sure your webpage is easy to use.
- Organise the information you want to include carefully.
- Include photos, maps and drawings.

PLAN

- 1 Work in groups. Decide what your summer camp is and give it a name or use one of the ideas in the box. Then complete the steps below.

cooking sport drama music adventure

- Look at the notebook and complete the information for your summer camp. Then make a spidergram like the one below.

- Find an online template for your webpage.
- Organise your information and decide on who will prepare each section.
- Prepare your section. Use photos, maps, drawings, etc.
- Give your section to someone in your group to check.
- Work in your group to put the webpage together.

PRESENT

- 2 Present your webpage to the class. Remember to include information about the camp, photos, maps and drawings, etc., and the tips from *How to make a webpage*.

CHECK

- 3 Look at your classmates' webpages and complete the notes. What was the best webpage?

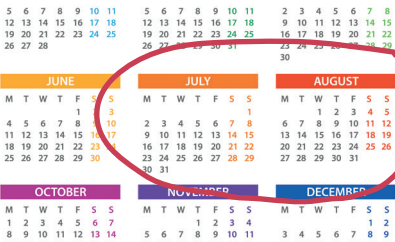

Which camp was the most interesting?

Write down two interesting facts about the camp.

Crazy Cook Camp

What is it?

A cookery camp, where you will learn how to cook delicious meals, make new friends from around the world, learn a little Spanish and above all, have fun!
