READING

12 Read the text.

A school with a difference!

Megan tells us about the Brooklyn Free School in New York.

School starts at 9 am and finishes at 3 pm. We always tidy the classrooms before we go home. We never get homework, but we study very hard at school! We have a lot of unusual subjects that you can't do at normal schools. For example, we have Animation and Video Game Coding. I do a lot of creative classes because I love making things. Our PE classes are always in the afternoon. My favourite is pilates!

On Wednesdays, we have a big school meeting in the main hall. It's a chance to give our opinions about the school. I usually listen, but sometimes I speak, too. The school doesn't have any rules. The students decide what is right and wrong. For example, students can move around in class – the teachers never say 'sit down!'

On Friday afternoons, we work in the local community. I like cycling, so I help in a bike shop. I learn how to work in a shop and I also learn about bikes.

I love my school! We learn a lot because we listen to the teachers and the other students.

Write *true*, *false* or *doesn't say*.

- 1 Megan's school is like other schools. false
- 2 Students at Megan's school study a lot during the day. true
- 3 Megan only likes creative classes. doesn't say
- 4 The students decide what you can and can't do at the school. true
- 5 Megan prefers her school to other schools. doesn't say

10

13 Read the text again. Answer the questions.

- 1 What do the students do at the end of the school day?
They tidy the classrooms.
- 2 What three examples of unusual subjects does Megan give?
Animation, Video Game Coding and Pilates.

- 3 What is the objective of the big school meeting?
It's a chance for students to give their opinions about the school.
- 4 Why do the teachers never say 'sit down!'
Because students can move around in class.
- 5 What does Megan learn at the bike shop?
She learns how to work in a shop and she (also) learns about bikes.

10

14 Find words in the text which match the definitions (1–5).

- 1 different unusual
