A school with a difference!

Megan tells us about the Brooklyn Free School in New York.

School starts at 9 am and finishes at 3 pm. We always tidy the classrooms before we go home. We never get homework, but we study very hard at school! We have a lot of unusual subjects that you can't do at normal schools. For example, we have Animation and Video Game Coding. I do a lot of creative classes because I love making things. Our PE classes are always in the afternoon. My favourite is pilates!

On Wednesdays, we have a big school meeting in the main hall. It's a chance to give our opinions about the school. I usually listen, but sometimes I speak, too. The school doesn't have any rules. The students decide what is right and wrong. For example, students can move around in class – the teachers never say 'sit down!'

On Friday afternoons, we work in the local community. I like cycling, so I help in a bike shop. I learn how to work in a shop and I also learn about bikes.

I love my school! We learn a lot because we listen to the teachers and the other students.
