- In the maths class, students work in groups of five. _____

5

READING

12 Read the text.

A school with a difference!

Megan tells us about the Brooklyn Free School in New York.

School starts at 9 am and finishes at 3 pm. We always tidy the classrooms before we go home. We never get homework, but we study very hard at school! We have a lot of unusual subjects that you can't do at normal schools. For example, we have Animation and Video Game Coding. I do a lot of creative classes because I love making things. Our PE classes are always in the afternoon. My favourite is pilates!

On Wednesdays, we have a big school meeting in the main hall. It's a chance to give our opinions about the school. I usually listen, but sometimes I speak, too. The school doesn't have any rules. The students decide what is right and wrong. For example, students can move around in class – the teachers never say 'sit down!'

On Friday afternoons, we work in the local community. I like cycling, so I help in a bike shop. I learn how to work in a shop and also about bikes.

I love my school! We learn a lot because we listen to the teachers and the other students.

Answer the questions.

- Does Megan goes to a normal school?

- How often does Megan have homework?

- Does Megan like making things?

- Does the school have a lot of rules?

- Where does Megan work on Friday afternoons?

10

13 Read the text again. Choose the correct option.

- Students tidy the classrooms...
a in the afternoon b in the morning
c at lunchtime
- Megan ... does PE in the morning.
a sometimes b never c usually

- The school meeting happens ...
a every two weeks b twice a week
c once a week
- Megan ...speaks at the school meetings.
a sometimes b never c always
- At Megan's school, they learn a lot because everyone ...
a talks b shares c listens
