Time for food!

In today's blog we hear about interesting snacks from two teenagers.

Julia

I'm from Oaxaca in Mexico. Many people here like eating grasshoppers for a snack, but I don't. I think they're disgusting! My favourite food is *mole* and chicken with rice. To make the *mole* sauce you mix chocolate, salt, pepper and spices. My mum uses fruit and nuts, too. It tastes delicious – it's hot and sweet. It tastes amazing with meat.

Toshiya

I live in Nagano Prefecture in Japan. A lot of people in Japan eat fish but Nagano is not near the sea. There aren't many cows and sheep, so we don't eat much meat. Sometimes we eat grasshoppers called *inago*. They aren't expensive and we don't get them at the shop – they live in the rice fields. We catch them and eat them with soy sauce and sugar. They are salty and sweet! My favourite street food is *hachinoko*. It is an insect, too. You make *hachinoko* from young bees. It's very healthy food – a lot of people here love it!

Circle the correct answer.

- Julia ... grasshoppers.
A likes eating B doesn't like eating
C hates eating
- Julia says ... makes *mole* in Mexico.
A everyone B her mother

C fish
