FAQs

What is Yakball?

It's a mixture of basketball, football and rugby. It's more entertaining than those games because it's faster and more fun. In some places, it's the most popular game of the summer. Both teams pass, throw and head the ball to each other. To score, you hit a goal painted on a wall.

Is it a team game?

Yes, it is. There are two teams, and each team has four players.

Where can I play it?

People usually play Yakball outside, but you can play it inside, too. You only need one goal and enough space to move around.

How big is a Yakball?

A Yakball is a little bigger than a football. But, you can't use basketballs. They bounce too much!

Can players kick the ball?

No, you can't kick the ball. But be careful, people can jump into you to get the ball! It's more dangerous than basketball!

The inventor of Yakball is Michael Taylor. He is from the USA. He likes basketball, football, soccer and lacrosse. Lacrosse is a team sport a bit like hockey, where players use a special stick and ball to carry, pass, catch and score goals.
