

Name _____ Class _____ Date _____

1 Complete the conditional sentences with the correct words.

- 1 Unless we stop using so much plastic, the oceans will be totally polluted.
- 2 If people didn't use so much non-renewable energy, climate change wouldn't happen so fast.
- 3 If we stop killing endangered species, they will / might not die out.
- 4 I'd walk to the waterfall if it wasn't so far.
- 5 There won't be more marine wildlife if we continue destroying their habitat.
- 6 Endangered species won't stop dying out unless we protect them better.

2 Underline and correct a mistake in each sentence.

- 1 The planet wouldn't survive if we keep producing so much pollution. won't survive
- 2 I won't come to your party if you help me clean up the beach tomorrow. unless
- 3 Carbon dioxide levels increase if we don't do something urgently. will increase
- 4 We could climb the cliffs unless they weren't so high. if
- 5 Many marine animals couldn't die out unless we protect the oceans. could die

3 Complete the text with the correct form of the verbs in the box. You do not need all the verbs.

ask be behave do have help join
reduce say think work

Jorge is starting a recycling campaign. He believes that if everyone ¹ thinks about how much waste they produce, they will use less plastic and there ² will be less pollution. He also thinks

that if he ³ asks lots of people to join him, they will. However, the first few friends he asked said things like 'Sorry mate, if I ⁴ had time, I ⁵ would join / help you, but I'm too busy', or 'If the government ⁶ did more to save the planet, I ⁷ would join / help too, but they don't'. Jorge isn't going to give up. He says, 'We won't save the planet unless we ⁸ work together.'

4 Write conditional sentences about Ali's plans and dreams using the notes below.**Plans**

start recycling at school – reduce waste
start an environmental group – get lots of members
talk to the local government – put recycling bins all over the city

Dreams

use no more plastic – save the oceans
use less paper – protect rainforests
use only renewable energy – reduce climate change!

- 1 If he starts recycling at school, everyone will reduce their waste.
- 2 If he starts an environmental group, it'll get lots of members.
- 3 If he talks to the local government, they'll put recycling bins all over the city.
- 4 If everyone stopped using plastic, we would save the oceans.
- 5 If everyone used less paper, we would protect the rainforests.
- 6 If we used only renewable energy, we would reduce climate change.

5 In your notebook, write three sentences about what you will do to help protect the planet, and three sentences about what we could all do if we tried.**Students' own answers**
