 If I had my trainers, I'd run the race.

4 In your notebook, write one question with the first conditional, one with the second and one with the third. Then swap the questions with a partner and write answers.

Students' own answers

5 Complete the text with appropriate words.

When I was small, I used to look out at sea and say to my parents, 'I 'll sail around the world one day if I can.' One day, we saw a bottle in the sand. Inside was a piece of paper. It said, 'If you find this bottle, contact me and your life will change.' There was an address, so we wrote a letter. A month later, a reply arrived with plane tickets to Argentina. The writer was a rich scientist who was researching the ocean. He wrote, 'Thank you so much for your help. If everyone was / were as curious as you, science would advance much faster.' We flew to Argentina and had a great holiday. If I hadn't seen that bottle, I wouldn't have gone to Argentina and I wouldn't have become an ocean researcher.
