5 Circle the correct options.

It's clear that the restaurants of the future ¹*will be / are being* very different from the ones we go to now. In only about ten years' time, robots ²*will have brought / will be bringing* food to our tables. We won't have to wait because we ³*might order / will have ordered* our food already from an app at home. If we haven't already ordered, the menu ⁴*shows / will show* a hologram on the table of the food we can order. Some people say there ⁵*isn't going to be / won't have been* enough meat for everyone, so we ⁶*eat / will be eating* very different food from now, like insects and laboratory-grown meat. It might sound terrible, but did you know an insect-based restaurant ⁷*opens / is opening* next month in London? I think I ⁸*am trying / might try* it! The future is not far away!
