- 4 Two crunks of chocolate a day is plenty. _____
- 5 To make this cake, use two cubs of flour. _____

5 Circle the correct options.

My older brother is going to leave home soon so my parents let him cook dinner last weekend, to see if he could do it alone. He started by ¹peeling / grating the potatoes well, but then he added a ²sprinkle / handful of salt! They tasted awful. Then he started to ³grill / spread the meat, but he forgot about it and ⁴overcooked / roasted it. He didn't ⁵season / heat the oven before he put the cake in, so it didn't cook properly. In the end, we told him to open a ⁶slice / packet of biscuits, as we were all so hungry! Next week he's starting cookery classes!
