**Time:** 15–20 minutes

- Divide students into groups of three or four. Give them a set of dominoes and ask them to deal them out face down to the group.
- Ask a student to lay down a domino face up and explain that each student must look at their dominoes and take turns to lay one down at either end of the domino or line of dominoes. Also explain that the two dominoes together must form a proper sentence. If students aren't sure if something is correct, they should ask you.
