## 9 Vocabulary Review

**Aims:** To review and practise vocabulary from the unit. This can be completed when students have finished the unit.

**Time:** 15–20 minutes

**Materials:** One set of cards cut up for each group of students

- Divide students into groups. Give each group a set of cards, which they place face down in the middle of them. One student takes four cards from the top of the pile, reads the words on the cards and then makes up a short story incorporating the words on the cards. If they can't think of any way of incorporating all four words into the story, they can return one card to the pile and pick another card, but they can only do this once per go.
- The next person should then pick up the next four cards from the pile and make up another short story. The game continues until all the cards have been used. Students can then shuffle the cards and play again.
- Invite one or two students to tell their stories to the rest of the class.
