Students who are looking for more information about possible careers and advice on what to do to make their ambitions a reality will be interested in an event we are holding over the weekend of 14th-15th April, here at Garton College. Representatives of some of the major UK companies will be on hand to talk to students about qualifications and job requirements and also to discuss recruitment procedures. There will be a series of talks by experts about different career paths and the wide range of job opportunities available to graduating students. You can book individual advice sessions with careers advisors, but please make sure that you book early as there will only be a limited number of slots available. For more details on the careers weekend, go to the college website and click on 'careers at Garton'. A lot of hard work has gone into planning this event and we hope students will find it useful and interesting.

I finally heard the result of an the interview I had the last month. You remember? It was for the a job of (the) an assistant manager of my sector. Andy's the an assistant manager at the moment, but he's been promoted so they held interviews for his replacement. It was, quite honestly, the worst interview I'd ever done. I was the a last to go in and I was really nervous by then. The Questions were really easy, but I didn't answer at all well. Needless to say, I didn't get the job, but I'll try again next time. I shouldn't complain because I like my job and the people I work with. Anyway, how are you getting on at the university? Have you decided on the a career yet? Make sure you get the best advice possible! The Unemployment is not an option!! Are you still sharing the house in Duke Street? I must come round to visit

sometime. I've got a couple of the DVDs you might like to watch.

Write soon,
Tom
