

6B WHEN I WAS SMALL ...

Think about when you were small, about four or five years old.

Choose a box and write:

- your favourite colour
- your first word
- where you were born
- some friends' names
- a special place
- your favourite TV show
- some favourite foods
- your favourite things

Now look at your partner's sheet and guess what each word is.

Grandma's house was your special place.

Yes, very good.

Your favourite food was bananas.

That's right!
