

9B WHAT SHOULD I DO?

I'm worried about my English test.	I've got a headache.	I want to make new friends.
I can't sleep.	I can't do my homework.	I want to learn how to cook.
I've got too much work to do.	I want to be healthier.	My school marks aren't good.
I'm bored at weekends.	I feel sick!	I want to speak English better.
I've got stomach ache.	I'm always tired.	I've got toothache.
I want to exercise, but I don't like team sports.	I want to be better at football.	I've got a cold.
